## EAP Identifying Apparel

New York City Local Law 26 states the following regarding identification:

**“Upon implementation of the Emergency Action Plan, the Fire Safety/EAP Director and all EAP Staff shall identify themselves to building occupants and others by donning a vest, armband or other form of identification indicating their role”.**

As the New Year begins and in advance of your next required **EAP Warden/Deputy Warden training** – DSSI recommends that each building maintain an inventory of identifying apparel to be issued to any NEW members of the EAP Warden team.

The importance of such apparel and its potential positive effect during an emergency is always stressed at the Warden training. Having an ample supply of this apparel available at the meeting will serve to not only reaffirm that importance but will serve as a means of saying thank you and welcome to the TEAM.

If you have any questions concerning identifying apparel, please contact us at 212-240-9500 ext.104
